1. Transmitted under separate cover attachment is a schematic breakdown of AEDRUMMER 1 furnished by AECASSOWARY 3. Some explanatory remarks regarding this chart are as follows:

(a) The AEDRUMMER 1 branch in PBPRIME, as shown by the dotted lines leading from the Political Rada and Executive categories, although technically a branch of the parent organization, has been designated as the Organization of Sympathizers for the Liberation Struggle of the Ukraine (OPNSU) in order to conform with the laws of PBPRIME governing such organizations and which enables its members to carry on their activities without registering with the Attorney General as representatives of a foreign government. The Territorial Executive in PBPRIME serves only as liaison with the parent organization.

(b) Territorial Political Radas (councils) have been set up for those countries with enough members justifying such a body. Since Germany is the seat of the Political Rada/AEDRUMMER 1, no Territorial Political Rada was created for Germany as such.

(c) Branch Groups consist of three or more members. The "Individual Members" breakdown is designed to enable individual members to belong to the organization when and where a Branch Group cannot be formed.

2. With the acquisition of the AEDRUMMER 1 composition as well as names of the key personnel of AEDRUMMER 2, a list of the more important members of AEDRUMMER 1 and 2 will be submitted in a separate pouch for addition to the AEDRUMMER cryptonym category.
